

SBCSC Kindergarten Enrollment

A note from the school nurse

Date _____

Dear SBCSC Kindergarten Parent,

South Bend Community School Corporation requires the following enrollment documents for every kindergarten student. These forms include a physical exam (to be completed by your PCP), health history (completed by parent), immunization record, vision exam, dental exam, and CHIRP permission form. Also included in this packet are the immunization requirements that every child must have prior to entering Kindergarten. Please schedule the necessary appointments to complete this information before your child begins his/her school year.

_____ **Physical exam** (to be filled out by doctor)

_____ **Health History** (to be filled out by parent/guardian)

_____ **Immunization Record** (see requirements in your registration packet)

_____ **Vision exam** (to be filled out by primary doctor or eye doctor)

_____ **Dental exam** (to be filled out by dentist)

_____ **CHIRP** Permission form (to be filled out by parent/guardian). This form is not required but highly recommended. It will allow the school nurse to enter your child's immunization dates into the IN state registry web site.

Please contact your school nurse if you have questions about any of these enrollment forms.

Thank you,

School Nurse
